PRESS RELEASE

The Global Association of Central Counterparties (CCP Global) held industry meetings in Frankfurt, Germany

FRANKFURT, GERMANY - The Global Association of Central Counterparties held meetings with regulators and an internal workshop on the 26th and 27th of February 2025, during a week which included the ECB-Chicago Fed-Bundesbank conference and the Eurex Derivatives Forum.

CCP Global members had the pleasure of discussions with representatives from the Bank of England, De Nederlandsche Bank, the European Central Bank, and the European Securities and Markets Authority. CCP Global was delighted to present and discuss plans for the CCP Global International Default Simulation 2025 within the European Systemic Risk Board's Clearing Expert Group context.

CCP Global members continued our tradition of hosting workshops to develop best practices. This time, Stress Testing was the topic, which included discussion of previous survey results on how our membership ensures resilience and systemic risk management.
